

REGULATIONS COVERING

TEMPORARY CONSTRUCTION POWER

CITY OF HELMET BUILDING DIVISION
445 E FLORIDA AVENUE, HELMET, CA 92543
(951) 765-2475

INFORMATION
BULLETIN

111

December 2007

PERMIT LIMITATION: This electrical permit is only for a single inspection for providing temporary electrical service to the construction site of the building or work authorized by an active building permit(s). ***Please note that you must have a building permit for a structure, i.e. construction trailer, before temporary power permits will be issued.***

Usage of the temporary electrical service shall be limited for the purpose of construction only. (Usage of on site construction trailer or sales trailer will require a separate permit). Validity of this electrical permit shall be concurrent with the active status of the building permits(s).

PLOT PLAN: Submit three (3) plot plans indicating location and size of temporary electrical service. For construction of tracts, apartments, condominiums or multiple structure/units, specify location of each supporting span pole(s) and subpanel(s).

PERMIT APPLICATION: The owner or contractor must complete and sign a building permit application and return to counter technician.

REQUEST FOR ADDRESS: Please refer to [Information bulletin # 132](#) for the requirements for getting an address assigned to your site so that Edison will energize. This is required at application for your meter. You will not be issued a permit without this information.

INSPECTION REQUIREMENTS: The following requirements listed below, but not limited to, will be verified at inspection.

1. Access to the property shall be provided on the date of requested inspection.
2. Address of the property shall be conspicuously posted.
3. Job card and plot plan shall be posted on the temporary construction power pole/pedestal or piggyback.
4. Service panel equipment installation shall be complete at the time of inspection.

5. Ground fault protection is required for all 110 volt receptacles.

6. Inspections may be requested by calling (951) 765-2428.

NOTE: Failure to provide the above listed requirements at inspection may necessitate the applicant to obtain a reinspection permit.

If additional information is desired regarding this permit, please contact out office at (951) 765-2475.
